A fun and friendly way to kick-off a new season of competition...

## **RULES & FORMAT**

A scramble game where teams of 4 players compete using a combined "**Shamble**" and "**Texas Scramble**" format. Think of it as a scramble off the tee but then "regular golf" after that – the team selects the best ball position off the tee, everyone plays their second shot from there, and then finishes the hole playing "regular golf" with their own ball. The following rules will apply:

1. Each team member tees off in any order – from the BLUE TEE Box.
2. From each of the tee shots played, the team selects one as the team's ball position for their next shot and marks it – the other balls are picked up and moved to play their second shot from the selected spot, in any order of play they wish.
3. Ball placement for each second shot must be within one club grip length of the selected ball position, with no improvement to the lie and no closer to the hole, meaning if the selected position is in the rough, the fringe, or a hazard then all second shots must be played from that same surface even if a one club distance would put it on a better surface.
4. After each second shot, players continue to play all other shots for the rest of the hole with their own ball where it lands (i.e. "regular golf")
5. **SCORING**: Record the best three **(3) gross** scores per hole - **NO GIMMES**
6. For 4-man teams, you must use at least **3** tee shots from each player during the round, with at least **one (1) on a PAR 3 hole**. Please mark your card accordingly.
7. For 3-man teams, you must use **4** tee shots from each player during the round, and at least **one (1) must be on a PAR 3 hole**. On each hole record the gross score for each player, and a "blind man" score will be added after the round by the Convener to calculate a four-man team total.
8. Hole-in-one counts as a '3' (total for the team).

Please hand in your scorecard to the golf shop ASAP after the round – see a **SAMPLE SCORE CARD** for reference **on the next page**.

The tournament coordinator will prepare the "Team of 4" scorecards, and the teams will be set up with best efforts made to create groupings of equal overall handicap totals – that's as good as it can be!

Enjoy!
