

Welcome back to all returning ladies and a warm welcome to those who are new.

Our League plays 18 holes of golf on Tuesday mornings. Most ladies choose to stay and socialize over lunch. We have golfers at all skill levels and welcome new members.

Our committee organizes the weekly games and provides opportunities throughout the season to celebrate accomplishments such as pars, birdies, putts, ringer board scores, and more. To support this we collect \$3 per person every Tuesday (with half going towards weekly prizes) and also have a 50/25/25 draw on special game days.

We try to balance fun opportunities to golf and socialize while also encouraging all players to follow the rules of golf, maintain a handicap, and maintain a pace of play. With this in mind, our guidelines for the group are:

- Players follow (and learn more about) the rules of golf, including putting out all putts.
- We require all ladies to establish a handicap by recording their scores weekly. (We can help you learn how to do that.)
- We strongly encourage all ladies to maintain a pace of play, which means keeping up to the group ahead of you and/or completing 18 holes within 4 hrs and 15 minutes. Therefore, we ask ladies to pick up their ball if/when they reach their handicap max on each hole. (Max per hole by handicap will be provided to all ladies.)

We are getting close to our 2024 season! Stay tuned for more information about our start dates and opening breakfast.
